This above written and the name on the top of the
frontispice of this booke ^{in writing} in the middle of the frontispice
and the severall notes in the margin through the
whole booke, was written by that famous philosopher
and chymist John ~~Dee~~ Dee. with his owne hand. this
J: Dee: was he that wrote the philosophicall treatise called
Monas Hieroglifica. also Propaedeutica Aphoristica
also the learned proface before Euclides Elements
in English in folio. he was warden of M^oncester.
I have divers bookes of w^ore his wherein he hath written
his name and many notes &c. for w^hch they are worthily
the more esteemed.
